CANADIAN NORTHERN

The Best Pictures in Canada

ARE often found where most people do not think of looking for them—a little away from the worn paths of the average traveller. The lines of the Canadian Northern Railway System, which are now nearly five thousand miles long, and traverse six Provinces, pass through an amazing wealth of scenic splendour and holiday opportunities. For instance: **The Canadian Northern Quebec,** and **The Quebec and Lake St. John Railways,** span five hundred miles of rarely picturesque country between Ottawa, Montreal, Quebec, Lake St. John, and the Saguenay, through the Laurentians, near by the best rivers, lakes and woods of Quebec. The new short line to Ottawa from Quebec, passing through quaint old French villages and skirting the magnificent shores of the St. Lawrence, is the most picturesque route through the ancient province. **The Halifax and Southwestern Railway** skirts seven hundred miles of ocean shore between Halifax and Yarmouth, in Nova Scotia. There is no such combination of safe seawater, wooded stream-washed hills and salubrious air in Canada. The freshest, most hospitable section of Cape Breton Island is the Gulf of St. Lawrence shore opened up by the **Inverness Railway. The Canadian Northern Ontario Railway** is the new short direct line to the Muskokas; and further north, from Parry Sound to Sudbury, has blazed away through an untamed wilderness of shadowed spruce-forests, lonely lakes and wild rivers. The most magnificent country of Western Ontario—the Superior Divide—is served by the **Canadian Northern Railway,** which extends from Port Arthur to Edmonton and girdles the wheatlands with its many branches.

THE SAFFORD
HOT WATER BOILER

Has developed a higher efficiency and greater heating capacity, relative to its fuel consumption, than any other Boiler on the market. It meets every requirement of up-to-date Hot Water Heating, and can be relied upon to perpetuate that enviable reputation which the "Safford" Radiator now enjoys.

Its fire-pot is constructed to hold sufficient coal to provide ample water circulation for proper amount of radiation, for not less than eight hours, with least amount of care-taking. A certain volume of the hottest water quickly circulates upward directly to the mains and radiators, without circulating through all the sections, thus insuring quick results at radiators.

It has cast-iron machine-turned nipple joints, insuring a perfect joint and obviating the necessity of taking down the Boiler every few years to be regasketed or repacked.

It illustrates economy of fuel in the highest degree.

Only scant attention needed to the firing. High or Low Back.

Christie Biscuits

always delicious and nutritious — add to the joy of the Xmas Season in half a million Canadian homes.

A woman is known by the biscuits she serves to her friends. Particular women always pass Christie biscuits to their guests, because they are the purest of all pure foods—a sure and certain evidence of good taste.

The marked superiority of Christie biscuits is not accounted for by the baking alone — although we have reduced baking to an exact science.

The foundation of Christie Quality and lasting goodness lies in the care we exercise in the choice of every ingredient entering into our bakes. Even the flour we use is a special blend of the best milled, sifted, and tested by actual baking.

Butter, eggs and sugar are of high-grade table quality and *known* as such—nothing less would sustain Christie reputation.

Our factory is the biggest, cleanest and brightest in Canada—an ideal place to work in. It is visited annually by hundreds of particular housewives who carry the story of Christie cleanliness all over the Dominion.

Our employees—all arrayed in spotless white—are all healthy and happy and imbued heart and soul with Christie ideals. Here you have the real reason of the marked superiority of Christie biscuits.

It's this whole-hearted enthusiasm—this passion to excel—this doing a day's work to the best of our ability—that has made the name of "Christie" a household word all over the Dominion.

There's a Christie biscuit for every taste—we manufacture 600 varieties.

The best grocers always sell Christie biscuits.

Your Child's Success in Life

Every mother wants her boy to succeed—to be a successful business man

Business ability comes from experience and the mother should consider this point in training her boy to meet the battles of life. In the earliest stages of his life, he should learn to economize—to save money—to avoid waste.

The Traders Bank encourages small deposits of children, explaining to them how to do their banking business, and by the frequent additions of interest, teaching them the value of saving.

Parents may open a "trust account" for their child, and thus control all withdrawals.

TEA FROM 4 TILL 6.30 EACH DAY -Special afternoons and evenings will be arranged for, with music. Twilight Musicale and Tea every Thursday from 4 to 6 free. The lower gallery open free to members and public as usual.

See Violet M. C. Davison's announcement on page 53 regarding classes in Artistic Jewellery, Enamels and Metal Work.

We are pleased to announce to our many friends that the Tea we are serving is "MELAGAMA." Try it the next time you are entertaining. You will be pleased.

One of the most popular refreshments served at the Exhibition is DAVIES' MASSALA COFFEE. Apart from its delightful flavor and genial odor, it appears to possess peculiar qualities of a stimulating and sustaining nature which appeal to and satisfy the visitor.

Biscuit Baking Reduced to a Fine Art—Every visitor to The Women's Art Association of Canada will know exactly why CHRISTIE BISCUITS are the favorites of Canada's particular housewives. Hundreds of fastidious women visit the big factory annually. You are always welcome.

The Cream used in our Coffee and Cocoa was kindly donated by the ST. CHARLES CONDENSING CO. It is an acknowledged fact that St. Charles Evaporated Cream improves the flavor of Coffee, Cocoa and Tea, and brings out to the fullest extent the aromatic qualities of these beverages. It can be used for every purpose for which you have been using ordinary milk or cream. It is far preferable and more economical.

Artistic Furniture

It is our constant aim to place before our customers an assortment of furniture embodying the highest ideals in design and construction. To that end we keep in close touch with the foremost cabinet making houses in Great Britain and the United States. By importing choice examples and reproducing them with absolute fidelity in our workshops we are able to bring furniture of the highest class within the reach of people of moderate means; often, in fact, to sell it at prices lower than is asked for the commonplace output of ordinary furniture factories. The upholstering of our furniture is done here on our premises by skilled upholsterers of long experience in first-class work. We cordially invite all interested in art furniture and furnishings to make a leisurely inspection of our stocks.

For Women Who Care

THE number of women who don't care how unattractive they look is fortunately very small. There are many whose pretty hats and gowns would look more stunning if their complexions were clearer and fairer.

Our Face Treatments are what they require to make poor complexions good. These treatments are better than any obtainable elsewhere in town. This we can prove. Don't you want to be convinced? They remove lines and wrinkles, restore a flabby skin, make flabby muscles into good, firm flesh, reduce double chins, make thin cheeks plump, clear away spots and blackheads, and rejuvenate a prematurely aged face.

Our Scalp Treatments are the kind that give results. If your hair is falling, is lifeless, lustreless or turning gray, or if the scalp is not healthy, take a few treatments. Consultation invited.

Superfluous Hair, Moles, etc. permanently destroyed by our antiseptic method of electrolysis. Satisfaction assured. Descriptive brochure mailed on request.

The Gourlay-Angelus Piano

Makes You a Pianist

THIS does not mean merely that you play the notes of a composition. Any player piano will enable you to do that. The GOURLAY-ANGELUS does more. By means of its patented inventions, the MELODANT and PHRASING LEVER, you will be able to give any composition your individual reading, as though you were playing by hand after years of patient study. Even the non-musician may play artistically, for the tempo, the degrees of tone and instrumentation, copied from the composers' score, are plainly marked on the music roll. The Melodant, Phrasing Lever and other expression devices are so easily controlled that a very little practice will make you proficient. ¶ If you have listened to other player pianos that are mechanical, come and hear how artistic and human is the

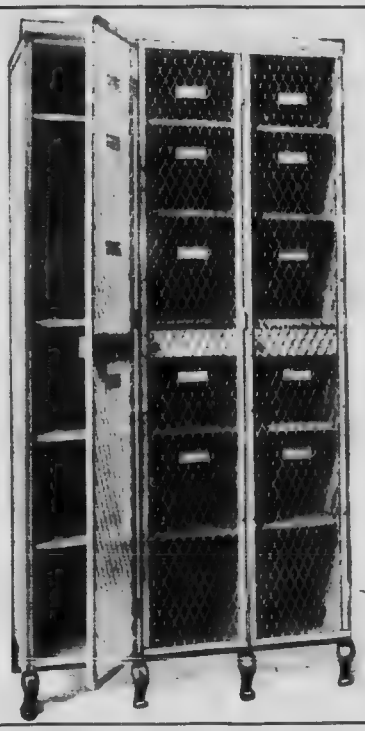
T. H. George

709 Yonge Street Toronto, Canada



LADIES!

You saw this Cabinet at the Toronto Exhibition and you exclaimed "The nicest ever!"

Remember it is made of *steel, enamelled white*, has three main compartments each fitted with a different lock and key; eighteen subdivisions, each capable of storing one dozen gem jars of fruit, jam, pickles, etc., or 216 jars in all.

One compartment fitted with three meat hooks; the door, covered with fine wire gauze, constitutes a splendid "safe" for fresh meat, game, fruit, pies, etc., secure from invaders, curious or otherwise.

Construction light but very strong, occupies little space, much more sanitary than the wood closet in your basement and costs less.

ORIENTAL RUGS

And All Kinds of Eastern ART GOODS

We wish to inform our esteemed patrons and lovers of Rugs that our fall importations of high-class Persian and Turkish Rugs excel in quality and quantity any previous collection of its kind. It contains finest and rarest specimens of

Royal Kirmanshah, Tabriz, Boukhara, Shiraz, Afghan, Cashmere, Kazak, Shirvan, Gorovan, Meshet, Korassan, Bejar, etc., etc.

FOR THE CONVENIENCE OF OUR PATRONS

Our New Persian Process of CLEANING ORIENTAL RUGS

We have recently established a new department for cleaning, washing and renovating Rugs by the original Persian method. This is the only satisfactory process for cleaning Rugs without injuring them, and improving the texture of any Rug entirely and making them absolutely moth proof. We are the only specialists of the kind in Canada, and we have spent over $5,000 on our plant for this purpose, which guarantees to give perfect satisfaction.
